

Dear all,

UŠĆE Shopping Center is, as a socially responsible company, who is up-to-date with all current activities in relation to H1N1 virus, undertaking all necessary prevention measures. Having in mind the fact that **UŠĆE Shopping Center** is a place with large number of visitors, we have strengthened all hygienic measures and increased the quantities of disinfection materials. We also think that it is very important for all of us to be informed about the most important rules in order to protect ourselves and prevent spreading of pandemic flu.

PROTECTIVE MEASURES AND MOST IMPORTANT RULES

Wash your hands thoroughly, several times a day!

Throw away your tissue into a bin after use and then wash your hands thoroughly!

Hold a tissue in front of your nose and mouth when coughing or sneezing or sneeze into crook of your arm!

Contact a doctor promptly if you notice any symptom of the flu. All medical centres have call centres opened for this matter.

Flu symptoms are:

- Sudden temperature over 38 °C
- Shivering, headache, aching muscles or limbs
- The snuffles, dry cough and sore throat
- Dizziness or difficulty breathing
- Stomach ache, diarrhoea or vomiting

The following persons have an increased risk of complications with pandemic flu (H1N1): Pregnant women, infants, persons with chronic illnesses, persons with congenital or acquired immunodeficiency and immunosuppressive therapy, persons over 65 years of age.

Note:

In case some colleague of yours has been diagnosed with H1N1 flu, please notify UŠĆE Shopping Center Management about it by calling phone number **011 285 45 11**.
